

# Hall Floor Covering For Big Messy Days

## 2 Tarpaulin Sheets

Tarpaulin Sheets (5m x 9m are great sizes) for Big Art/DT Days in halls. Not for decorating! Please keep one side clean at all times. Warning: clean up wet spills (especially ink) **STRAIGHT AWAY**. They can *sometimes* soak through a little. Use gluing sheets (old sugar paper and scrap paper) to base paints and glues on (work stations). After much use, replace, as the sheets become less waterproof. Fasten down with new **WIDE** masking tape, pulling taut as you go to keep *as flat as possible*. Press down on tape firmly. N.B. Take advice from caretaker first as to floor's suitability to received masking tape. Do at your own risk.

Fasten like this:
